SLIC Considers Constructing Parking Plazas

Mr. Shahid Aziz Siddiqi was recently interviewed by Mr. Rashid Ali Khan, Bureau Chief, Associated Press of Pakistan (APP), at the Chairman's office. The interview has been published by the leading National Dailies that include Dawn, The Nation, Daily Times, and Business Recorder. This interview is being reproduced below for the information of the marketing force. (Editor)

KARACHI: The State Life Insurance Corporation (SLIC) of Pakistan is considering the construction of parking plazas in various parts of the metropolis.

This was stated by the Chairman of the SLIC, Shahid Aziz Siddiqi. He was of the view that such a move would rid the people of the parking problems, ensure security of their vehicles as well as help address the problem of traffic jams in the city.

"We are examining the construction of parking plazas on our plots in different parts of the city", the SLIC chief added. He said that this would also help secure the properties of the SLIC and on the other hand the organisation would play a role towards the provision of such a facility to the people.

Shahid Siddiqi said that

we were also thinking of having discussions with the companies and business houses particularly on the I.I. Chundrigar Road for advance booking of floors for them in the proposed parking plazas.

He pointed out that it is also being considered to improve and upgrade the existing properties of the SLIC. Strengthening of structures, necessary repairs and renovations would also be carried out and back-up generators would also be made available.

The SLIC chairman pointed out that this task would be carried out through NESPAK. He said that for the protection of the plots of SLIC, boundary walls would be constructed.

Shahid was of the view that the real estate income of the SLIC would be doubled within this year. -APP.
